Dear Harold,

I would like to see if this method of passing on information on the CD's Jim Schmitt and I have recently obtained is satisfactory. Please look over the lists PH1 and PH2, and request clarification and/or copies as appropriate. The list PHA, of my CD file, is more or less for the [redacted] record.

Comments on my proposal (enclosed) for compiling such lists [redacted] would be welcome. There would be a slight problem with documents which you have and are keeping confidential until you use them. I would try to leave any such out of lists with descriptions, but it does not matter if they are on lists of CD pages. Can you trust my good judgment on this?

Sincerely,
Paul
